Council Will Cancel Gas Well D. A. SHARPE HANGS HIMSELF TO-DAY

Debutures Sold at Good Price. Hospital and Library Boards Appointed. Ald. Ellis Acting Mayor

An adjourned meeting of the council was held on Monday evening, with the minutes of the previous meeting read and approved. The council, however, failed to make any decision on the proposition that Mr. Grant should be appointed to sell the gas well. The council, however, decided to postpone the matter until the next meeting.

The council also appointed the Hospital and Library Boards, and Ald. Ellis was appointed acting mayor.

Rash Act Done While Temporarily Insane Caused By Intense Suffering.

Just as we go to press we learn that D. A. Sharpe committed suicide several months from cancer of the stomach, it is thought he was seized with a fit of temporary insanity, caused by the constant agony, and decided to end his suffering.

He was born at Mills Stream, N.B. He resided for many years in Prince Edward Island. About 10 years ago he came to Wetaskiwin and when the Wetaskiwin Undertaking Co. was organized he became business manager, which office he retained until a few months ago. He was about 70 years of age.

The appointment of the Municipal Library Board was then taken up. This board consists of the Mayor as an ex-officio member, and four ratepayers, two of whom hold office for two years. After deliberation, Ald. Wallace was appointed as one of the members for two years and will represent the council. Sheriff Dison was also appointed for a two-year term. Dr. Northey and H. J. Montgomery are the members appointed for one year.

The finance committee reported the sale of the city's debentures at a very good price, considering the present financial stringency of the market. About \$32,000 worth of debentures were sold at 95, while the \$17,000, 50 year water works and sewerage debentures brought 87, the purchasers are U.S. firms.

Revisional School of Cavalry To Be Opened Here

The provision Officers of the province of Wetaskiwin, S. andron have been advised from Military Headquarters that as soon as they are able to send in a complete list of names of the non-commissioned officers who will take the course, the school of instruction will be established forthwith.

We cannot too strongly urge upon the young men of Wetaskiwin and surrounding districts the advisability of entering a military training upon which they will look back with pride.

It was moved by Mr. Watson that report be adopted and sale of debentures gratified.

The council resolved itself into a committee of the whole, when a conference took place with Mr. Grant.

Mr. Grant regretted that the work at the well was not progressing more rapidly and that he could not give

Town Topics

Geo. B. Campbell returned from his business trip to Ottawa, on Wednesday evening.

Miss Yeomans, Police Probationer, for the Province is expected to address a meeting under the auspices of the W.C.T.U. some evening this week. Full particulars will be given later.

Mr. and Mrs. O. H. Anderson and Miss Hazel Anderson moved to Edmonton last week where they will reside in the future. Their board of friends here regret their departure.

A successful operation was performed at the Wetaskiwin Public Hospital on Tuesday, when a nodule was removed from the knee joint of 16-year-old six year old daughter of Mr. and Mrs. Fred. Freeman, of Bitter Lake. The patient is now doing nicely.

Be Cautious and Prevent Fire

During the past week the provincial papers have given us accounts of fires which have occurred in different parts of the west, at many of which a very great loss has occurred. As well as the sacrifice of human lives these should serve as a timely warning to Wetaskiwin, and we should be exceedingly careful at this time to prevent an outbreak of fire here. In a large number of these cases the houses were such that they could have been prevented by exercising a little precaution. Hot ashes should not be deposited in close proximity to buildings, in fact they should be emptied in fire proof receptacles, as provided by the ordinance of the city.

Then again stoves and pipes should be carefully watched so that there is not an outbreak by inflammable particles igniting. In Wetaskiwin we have been particularly fortunate in having escaped so far from any serious conflagration, but we should be on our guard against such a calamity. The cause of the serious damage done in other places has generally been through the freezing of the hydrants, or the lack of water supply. Every precaution should be taken to see that our hydrants are kept from freezing and that everything is in readiness should an alarm be given here.

Town Topics

The annual meeting of the Wetaskiwin Branch of the British and Foreign Bible Society was held in the Methodist Church on Sunday evening last. The report of the Sec-Treas. showed that \$137.00 had been collected for last year. The election of officers resulted as follows:

President — J. H. Robinson.
 Vice-President — H. D. Mills.
 Secretary P. W. Tracy.
 Representatives—Methodist, Dr. B. Stevenson, Presbyterian, E. B. Assestine, Baptist, H. E. Cutler, Immigrant, J. D. Mills; German-Lutheran, Rev. Otto Smith, and Rev. Zedeky, Swedish Lutheran, Harolds, As Swedish Baptist, Rev. Lindquist, Norwegian-Lutheran, Dr. Nordbye.

Had Pains in My Liver

Doctors Only Relieved Her For A Time.

When the liver is inactive everything seems to go wrong, and a lay, slow or torpid liver is a terrible affliction, as its influence permeates the whole system and causes Biliousness, Heartburn, Sick Headache, Floating Stools before the Eyes, Jaundice, Brown Blisters, Constipation, Catarrh of the Stomach, etc.

Milburn's Lax-Liver Pills stimulate the sluggish liver, clean away all waste and poisonous matter from the system, and prevent as well as cure all sickness arising from a disordered condition of the liver.

Mrs. Wesley Estabrook, Middle Station, N.B., writes:—"For several years I have been troubled with pains in the liver. I have had medicine from several doctors, but was only relieved for a time by them. I then tried Milburn's Lax-Liver Pills, and I have had no trouble with my liver since. I can honestly recommend them to every person who has liver trouble."

Price, 25 cents per vial or 5 vials for \$1.00. For sale at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

The Churches

NORWEGIAN LUTHERAN

Services next Sunday evening Jan. 26th at 7:30 P. M. by Rev. J. P. G. Postreth.

IMMANUEL CHURCH

Services on Sunday next 11 A. M. Evensong 7:30 P. M.

SUNDAY SCHOOL and Bible Class

2:30 P. M.

The Rev. R. W. W. Alexander intends holding a Lantern Service, illustrating the pictures at the Rev. R. W. W. Alexander, and confirmed. The Bishop also indicated the Rev. R. W. W. Alexander as Rector of the Parish. Special hymns were sung. The attendance was large in spite of the severity of the weather. Mr. J. Hatch presided at the organ.

KNOX CHURCH

Sunday Services at 11 A. M. and 7:30 P. M.

Sunday School, 2:30. Bible Study, Wed. 8 o'clock P. M.

The Scotch Concert announced for Friday evening Jan. 24th will not be given until later in the season, which will allow the choir more time to perfect their arrangements.

METHODIST CHURCH NOTES.

Services next Sunday will be conducted by the Pastor at 11 and 7:30. School at 2:30 P. M.

On Thursday Jan. 24th, Rev. J. W. Atkins, pastor-diet of the Metropolitan Church, Toronto, will give an address in the church on Temperance and Moral Reform. Mr. Atkins is well known as an expert in these subjects and everybody should hear him. A collection will be taken.

The evening service has Sunday was specially interesting. Rev. Mr. Marr presented the claims of the Bible Society and his address was of an inspiring nature. The choir was under the leadership of Miss Smith, Miss Kelly acting as organist. Dr. Conn of Edmonton assisted in a Quartet.

ROAD FROM CORONATION TO CONNET WITH POINT ON THE WETASKIWIN BRANCH

Winnipeg, Jan. 15.—Contracts will be awarded by the C.P.R. today, for the construction of 20,000,000 yards of new branch line in the western provinces.

The major part of the work will be undertaken in Saskatchewan. In that province, 170 miles will be let for the completion of the Weyburn-Lethbridge line, 125 miles will be let on the Swift Current-Bassano line, the steel to be carried through Emerson. These contracts will complete that branch.

A new line will be built from Coronation northwest to connect at some point on the Wetaskiwin branch, 25 miles of that to be constructed this year. A new branch line in Saskatchewan will be built northwest of Emerson and is also destined to connect with the Wetaskiwin branch. Of this line 125 miles will be built this year. There still remains 80 miles to be constructed on the Lac-McLeod line. This will also be let today. In Alberta, it is understood, a cut-off is to be built from Shepard to Glenora a distance of between 30 to 40 miles. In this province also 35 miles will be built for the west end of the Weyburn-Lethbridge line.

About 30 of the most prominent railway contractors were in the city today, in connection with the construction plans.

MARKS FAIR GROW

Walkers Pharmacy has an invigorator that will grow hair or money back.

The time to care of your hair is when you have hair to take care of.

If your hair is getting thin, gradually falling out, it cannot be long before the spot appears.

The greatest remedy to stop the hair from falling is SALVIA, the Great American Hair Grower, first discovered in England. SALVIA furnishes nourishment to the hair roots and acts quickly that people are amazed. And remember, it destroys the dandruff germ, the little pest that keeps the hair that should go to the hair from the roots.

SALVIA is sold by Walkers Pharmacy under a positive guarantee to cure dandruff, stop falling hair and itching scalp in ten days, or money back. A large bottle costs 50c. The word "SALVIA" (Latin for sage) is on every bottle.

SHE FINISHED WITH THE AGONY

"Fruit-a-lives" Over Her Kidney

MISS MAGGIE JANNACK

MOUNTAIN, Ont., Dec. 14th, 1912
"I desire to let the world know the
great relief I owe 'Fruit-a-lives' which
saved my life when I had given up hope
of ever being well again."

Four years, I suffered from dreadful
Kidney Disease. My legs and lower
part of my body were terribly swollen.
The pain in my side and legs would be
so bad that I would faint with the agony.

Five different doctors attended me
and all said it was Kidney Disease and
gave me no hope of getting well.

A kind neighbor visited me and
mentioned the name of Mrs. Purwick
who had been cured of a sickness like
mine. I took 'Fruit-a-lives' and in a
short time, I began to feel better—the
swelling went down—the pains were
easier—and soon I was well.

I have gained over 30 pounds since
taking 'Fruit-a-lives'—and my friends
look upon my recovery as a miracle.
(MISS MAGGIE JANNACK.)

'Fruit-a-lives' are sold by all dealers

or sent on receipt of price by Fruit-
a-lives Limited, Ottawa.

ALBERTA TO ORGANIZE MU- NICIPAL HALL INSURANCE.

Edmonton, Alta., Jan. 16th.—Hall
insurance on municipal bodies will be
organized in Alberta this year. John
Perris, deputy-minister of municipal
affairs, stated today that a sufficient
number of municipalities were favor-
able to municipal hall insurance. The
law now gives power to twenty mu-
nicipalities to form hall insurance dis-
trict, and levy rate on all assessments
in the district. The first hall in-
surance district to be formed will
probably be in the Stettler and the
Sedgewick districts.

MAY BE EARLY SESSION

Edmonton, Alta., Jan. 15.—Premier
Hon. A. L. Sifton reached here this
evening on his return from England.
"Altogether, I am high in favor with
the people of the old land," said the
premier. "Everywhere I went I
found them favorably disposed to
my credit as well as that of any
other province. I am sure there
will be no difficulty about financ-
ing of proper department works in
Alberta cities or in the province at
large. Indications are that immigra-
tion from Britain to Alberta will be
much greater next year than in the
past. The government will push rail-
way and telephone extensions, and
introduce an elevator policy. This House
may meet earlier than Feb. 13, the
date arranged."

GOOD ROAD BUILDING TO BE CONTINUED BY PROVINCE

Edmonton, Jan. 14th.—Good road
building will be continued with addi-
tional energy throughout the province of
Alberta this year, when it is expected
to connect numerous small towns
and shipping points with the main
trunk highways and feeders. The pro-
vincial department of public works,
headed by Hon. C. R. Mitchell, ex-
pected \$1,400,000 in improvement
and betterment work upon permanent
trunk roads and feeders and steel
and wooden bridges last year.

Mr. Mitchell said at the parliament
buildings in Edmonton today that the
programme for 1913 will be suf-
ficiently extensive to meet the needs
of the settlers in the newly opened
agricultural districts and others mak-
ing the use of the public highways.
The main highway of 420 miles con-
nects Athabasca in the north with Mc-
Leod in the south, by way of Ed-
monton and Calgary, while the main
feeder, 100 miles in length, runs from
the Poudre River through the Lake
St. Anne district to Edmonton. Other
roads will be built this year.

"An idea of the extent of the roads
built by the government since the es-
tablishment of the province in 1905
is given," Mr. Mitchell said, "when it
is known that the deputy minister
of public works last year travelled
more than 5,000 miles over govern-
ment highways."

The unprecedented activity in rail-
road building during the last few
years has been one of the chief causes
of difficulty in the way of estab-
lishing convenient public highways as
the opening of a new branch line, the
springing up of a new town has fre-
quently changed the trend of travel
and increased the urgent work for the
department, besides involving the out-
lay of large sums of money.

Red Deer, Alta., Jan. 21.—Wm.
Campbell, late assistant to the De-
partment Lands office here, was Monday
sentenced to three years in the Ed-
monton penitentiary, at hard labor,
for the theft of \$1,200. He was taken
to Edmonton at once.

Insurance Adjusted Hotels Want Cheaper Light and Water. Officers to be Appointed at Next Regular Meeting

A special meeting of the Council
was held on Friday evening when
considerable business was done. All
the members were present.

His worship outlined some work
to be accomplished during the current
year. If the committee have the
good will in hand the Council might
meet fortnightly as heretofore.

A determined effort would be made
to put the Electric Light Depart-
ment on a more permanent and pay-
ing basis, and if possible to reduce
the cost of light and power.

Legislation to facilitate the collec-
tion of taxes would be introduced,
and if possible inducements would be
offered to have taxes paid half year-
ly. This would help the citizens and
would put the funds in better con-
dition.

Attention would be paid to the Fire
Brigade, and they would be given bet-
ter facilities to fight fire. The alarm
engines would likely be sold. There
is no reason why Wataskiwin should
not have a first class brigade, if the
council gave the necessary assistance.

The extensions of the water and
sewer system would be practically all
this might be a hardship to some,
but in the interests of the city the
expenditures must be curtailed.

The Public Works should be reduced
to the minimum amount in justice to
the up-paying of the city. Estimates
will be gone into and the work will
be kept well in hand.

The Police Market, License and
Relief Committee will introduce a
law adjusting some of the licenses.
The cemetery will be improved and
kept up to a standard.

Matters affecting the gas will be in-
troduced at the next meeting. The
wardship hoped that at the end of
the year the council could go to the
citizens and receive the hearty
cooperation for the work they had
done during the current year.

A correction took place in the stand-
ing committees as Ald. Gross was
struck on four committees, and Ald.
Gothard on two. It was corrected by
Ellis-Watson, that the name of Ald.
Gross be struck off the fire and water
committees, and the name of Ald.
Gothard substituted.

P. L. Talbot, wrote re photo group
of council, for this year, stating that
the price would be the same as
last year, namely \$14.75. The matter
was left in abeyance.

W. H. Odell, solicitor, reported re
claims of ex-mayor Knox and Ex-
Ald. Dugdon, to the effect that the
by-law provided that \$2.00 be paid for
each meeting, up to the next meeting
for the mayor and each Alderman. He
gave as his opinion that the ex-
municipal was entitled to the full
reimbursement for the cost of the
meeting, but not the full amount.

Mayor Walter thought that as ex-
Ald. Dugdon and ex-mayor Knox had
resigned they had never their claim
for a remuneration.

Edman-Gross. That ex-Ald. Dug-
don and ex-mayor Knox receive in-
demnities of \$45.00 each. The motion
carried, those in favor being Alds. Ed-
man, Gross, Gothard, Wallace, Ellis
and Watson.

L. Lepes wrote re electric light
account reduction on account of flat
iron, Watson-Wallace, — that he
be informed that the council could
not see its way clear to grant request.

T. T. Besham, wrote intimating
that he held an account against
Grant, for work done to gas
well near the Electric Light Depart-
ment. He asked if the council is not
responsible for payment of Mr.
Grant's accounts.

J. S. Watson, Supt. of Electric
Plant, made application for increase
in salary. This referred to the com-
mittee.

Chief of Police James, reported
that Joe Spencer had taken Constable
Turner's work during his leave of ab-
sence. This was endorsed by the
council.

J. James, Chief of Police, reported
that their had been 17 persons ar-
rested or summoned during December.
No horses or cattle, has been im-
pounded. Report received and filed.

W. L. Crane reported that as there
was little snow this winter the frost
would go down deeper than usual and
recommended the purchase of an elec-
tric thawing machine, at the cost of
\$302. (Ald. Wetaskiwin. Ellis-Gross
that the matter was referred to in-
finance committee to report.

The matter of insurance was then
taken up. The finance committee re-
ported that:

There had been a total of \$147,500.
worth of insurance carried, but this
was too much. It was agreed that
\$5,000 insurance be carried of the second
floor of the City Hall. Through a
misunderstanding a \$5,000 policy
had been issued. The trend of the month
and the finance committee was in-
structed to have this cancelled if
they \$5,000 written up in 1913.

It was recommended that no insurance
be carried on the new power house
and contents at present, as this was
a fire proof building, except that
\$2000, be carried on the old building
and \$11,000 on contents.

It was, however, moved by Watson-
Gross that the matter be referred
back to the finance committee with

instructions to have adequate insur-
ance placed on the new and old build-
ings and machinery in such. Carried.

The clerk was instructed to submit
rates on boilers from different boiler
companies.

Ellis-Wallace, that clerk advise
agents of insurance companies that
policies must be cancelled, and have
the unexpired portion of the policy re-
bated to the city. Carried.

The object of this is to have all insur-
ance expire in January of each year.
It was moved by Watson-Wallace,
that the finance committee's report
place \$500, be placed on each stable
at the Agricultural grounds be struck
out. Motion carried. Those voting
were: Alds. Watson, Wallace, Gothard,
Ellis-Wallace, Noy—Gross, Edman,
Ellis.

W. L. Crane reported that the con-
ditions at the gas well were get-
ting worse instead of better, as only
a day shift was now working the
port field.

The Electric Light Committee re-
commended that Mr. Pierce be paid
as an lineman, for two months at
same salary as paid Mr. Campbell.
Recommendation was received and
adopted.

The applications of Constable Atan
and Turner for one day off in
each month was referred to the pub-
lic committee.

Mrs. McFarlane of the District and
Abraham of the Criterion Hotel, stat-
ing that it was usual to get a lower
rate than was given other business
places. They also wanted a reduction
on the water rate. Mr. Abraham in-
timated that unless a material reduc-
tion was forthcoming they proposed
installing a dynamo and supplying
their houses in that way. The mat-
ter of light was referred to the light
committee.

Mr. Carrick, that the delegation
from the hotels be informed that
the council cannot see its way clear
to make any reduction in the water
rate. Carried.

Ald. Ekanan gave notice of motion
that he would at the next meeting
introduce a by-law appointing a city
solicitor for 1913.

Ald. Wallace gave notice of motion
that he would at next meeting in-
troduce a by-law appointing a medical
health officer for 1913.

Ald. Watson gave notice of motion
that he would at next meeting in-
troduce a by-law appointing a scavenger
for 1913.

After passing of a few accounts the
meeting adjourned until Monday eve-
ning at 8 o'clock.

Executor's Sale of Farm Property

Pursuant to instructions received
from ANTON DREGER, Executor, of
the Estate of FREDERICK DREGER,
Deceased, there will be offered for
sale by public auction by GEORGE
L. OWEN, Auctioneer, at his Auction
rooms in the City of Wetaskiwin on
Saturday, January 25th, 1913 at 2 p.m.,
the following valuable farm prop-
erty, namely:

The South West Quarter of Section
11 (18) in Township Forty-six
(46) and Range Twenty-four (24), West
of the Fourth Meridian in Alberta.

The above Quarter Section is al-
most 40 miles West from the City of
Wetaskiwin and a half mile from
S. 100. The soil is black loam with
a clay subsoil and there are 45 acres
under cultivation. The following
contents of 1 House, 1 Barn, 1 Garage
and 2 Hew-Houses.

The terms of sale are as follows:
\$100 per cent. to be paid to the
Vendor's Solicitor at the time of sale,
the balance to be paid to the said
Solicitor within Sixty (60) days with-
out interest.

Further particulars may be had
from ANTON DREGER, Wetaskiwin,
Executor of the Estate of the late
FREDERICK DREGER, Deceased or
from W. H. ODELL, Wetaskiwin,
Solicitor for the Executor.

GEORGE L. OWEN,
Auctioneer.

HAD BOILS ON FACE AND BODY WAS TROUBLED FOR 8 YEARS.

Boils in themselves are not a dangerous
trouble, but still, at the same time are
very painful.

They are caused entirely by bad blood,
and to get rid of them it is absolutely
necessary to purify the blood into good
condition.

For this purpose there is nothing so
good as that old-fashioned, well known
blood medicine, BLOOD PURIFIER.
Mrs. James McManus, Floral Shop,
had been troubled for the first of the month
with boils on her face and body, and I
tried everything I could think of, but
could not get them to stop.

One day I saw a woman in town asked me
why I didn't try BLOOD PURIFIER. My
husband got me two bottles, and
before one was gone my boils had all dis-
appeared, and I feel like a different
woman. I can't tell you how thankful I
am for your medicine. I will recommend
it to all suffering women.

100% CURE

If you were told of a new
discovery for the treatment of
coughs, colds and bronchitis,
as certain in its action on all
coughs, whether old and new, and
as effective, as a combination of
syrup, wouldn't you feel
that you should try it? Especially
if you could try it for fifty cents!

It is the discovery of
a new and powerful remedy
which cures all coughs, colds and
bronchitis, whether old and new, and
as effective, as a combination of
syrup, wouldn't you feel that you
should try it? Especially if you
could try it for fifty cents!

In a word, while no liquid or solid
can get to the lungs and air passages,
these Peps Puffs get there direct, and
as soon as they reach the lungs, they
begin to work, immediately into vapor,
and are of sure benefit down the air
passages in the lungs. On their journey,
they reach the inflamed and irritated
membranes of the bronchial tubes, the
delicate walls of the air passages, and
finally enter and carry relief and healing
to the inflamed and dry air sacs in the
lungs.

If you have not tried Peps Puffs, out
this article, write across the
name and date of this paper, and
mail it (with 1c stamp to return
return postage) to Peps Puffs Co.,
Toronto. A free trial packet
will then be sent you.
All druggists and stores sell Peps Puffs at
50c. box.

ROD AT WALKER'S PHARMACY

Whooping Cough
LEFT A NASTY, DRY COUGH.

Doctors Could Do No Good.

Mr. A. McWhirter, St. Mary's, Ont. writes: "I had it my day to write and tell you the good news. Dr. Wood's Norway Pine Syrup did for my little boy. He had whooping cough, which left him with a nasty, dry cough. I took him to several doctors, but they did him no good, and I could not see my little lad taking any more medicine. I was advised to take him to another doctor, which I did, and he told me to get a bottle of Dr. Wood's Norway Pine Syrup, and give it to him regularly. He then got to tell me how much good it did for his little boy, and he was so pleased with the result that he bought another one, and by the time he had finished it he had no cough. He is now fat and strong, and I would not be without a bottle in the house on any account."

Whooping cough generally begins as a common cold, accompanied with coughing and a slight discharge from the nose. It is, as a rule, more of a child's trouble but also affects adults.

Dr. Wood's Norway Pine Syrup is a sure preventive if taken in time, and is also a positive cure for any of the above effects.

"Dr. Wood's" is put up in a yellow wrapper, three place boxes the trade mark, price 25 and 50 cents.

Manufactured only by The T. McWhirter Co. Limited, Toronto, Ont.

WONDERFULLY IMPROVED

True to promise, the publishers of The Family Herald and Weekly Star of Montreal have vastly improved that already great paper during the past few months. It is said several new editors have been added to the staff, and still greater improvements are contemplated. The beautiful picture, Mother's Treasure, is in great demand. Everyone who sees it wonders how such a picture can be given with such a great paper at one dollar a year. It is the best dollar's worth to be had, and those who miss it will regret it. Old subscribers should see that their renewal subscription is sent at once to guarantee the picture.

An application will be made at the next session of the Legislature by the member for Stettler to introduce a bill giving the town a private charter. The single tax system is said to be a worry to that town and the bill will give an opportunity of evading it.

Charges against Chicago meat-packing firms were made last week by State Inspector Edgett. The pack company must make \$1,000,000 worth of improvements to their plants to save the lives of their employees. A trial of the meat was held in 100 separate charges, according to the report of the inspector. The factory inspectors have been working in the packing plants for the last two weeks compiling a list of alleged violations. The largest meat packers are involved in the charges.

John Wilson, who has been stationed in Dayland for some two years, as the representative of the Royal North West Mounted Police, has secured the discharge and is returning to his home in Ontario. A social ban will engage in business. A social dance was held in his honor, in St. Andrew's Hall, on Friday evening, at the close of which he was presented with a handsome silver ring, as a slight token of remembrance from his many friends here. Rev. J. K. McKean made the presentation. Mr. Wilson has played leading cornet in both band and orchestra for some time and will be especially missed in those connections.—Dayland Press.

GOOD SEEDING

Prof. Bedford's book sent to be farmers interested enough to ask for it

Under the appropriate title "Good Seeding," the Better Farming Association of Winnipeg, have issued an attractive booklet written by Prof. S. A. Bedford, deputy minister of agriculture for Manitoba. It is being sent free of charge to all farmers who are sufficiently interested to send in their names.

Prof. Bedford needs no introduction to the farmers of Western Canada. Prior to assuming his present office he was professor of Field Husbandry at the M.A.C. It was, however, as superintendent of the Dominion Experimental Farm at Brandon, Man., that Prof. Bedford made his greatest contribution to farming in this country. Needless to say in dealing with the timely subject of "Good Seeding," he has drawn upon his thirty years of experience, which peculiarly qualify him to deal with it.

The Better Farming Association has associated with it on an advisory board such men as Sir Wm. Whyte, R. H. Miller, vice-president, Union Bank of Canada, and managing director of the Northern Trusts; R. A. Mott, president Winnipeg Board of Trade; William Pearson, and a number of other well known western citizens. Among the agriculturists identified with the work are Prof. S. A. Bedford, H. L. Holley, Thos. Shaw, Norman M. Ross, Indian Head, Sask.; Jas. Murray, Sheffield, Alta.; R. E. Drennan, Canora, Sask.; W. H. Fairfield, Lethbridge, Alta.; Arch. Mitchell, Coaldale, Alta.; F. C. Elford, and several other specialists.

This Better Farming organization was formerly the Correspondence School of Scientific Farming, but it has widened its province and while aiming to give the maximum return at the smallest outlay is not a sign any making organization. As indicated above there is absolutely no charge made for Prof. Bedford's book "Good Seeding." It will be sent free of cost to farmers who are interested enough in "making good" to ask for it. It is not being cheapened by being sent broadcast. You've got to ask for it. We would advise you to do so. Send your name and address to "The Better Farming Association," 4th Floor, Bell Block, Winnipeg, and you will get a copy.

WONDERFULLY IMPROVED

True to promise, the publishers of The Family Herald and Weekly Star of Montreal have vastly improved that already great paper during the past few months. It is said several new editors have been added to the staff, and still greater improvements are contemplated. The beautiful picture, Mother's Treasure, is in great demand. Everyone who sees it wonders how such a picture can be given with such a great paper at one dollar a year. It is the best dollar's worth to be had, and those who miss it will regret it. Old subscribers should see that their renewal subscription is sent at once to guarantee the picture.

An application will be made at the next session of the Legislature by the member for Stettler to introduce a bill giving the town a private charter. The single tax system is said to be a worry to that town and the bill will give an opportunity of evading it.

Charges against Chicago meat-packing firms were made last week by State Inspector Edgett. The pack company must make \$1,000,000 worth of improvements to their plants to save the lives of their employees. A trial of the meat was held in 100 separate charges, according to the report of the inspector. The factory inspectors have been working in the packing plants for the last two weeks compiling a list of alleged violations. The largest meat packers are involved in the charges.

John Wilson, who has been stationed in Dayland for some two years, as the representative of the Royal North West Mounted Police, has secured the discharge and is returning to his home in Ontario. A social ban will engage in business. A social dance was held in his honor, in St. Andrew's Hall, on Friday evening, at the close of which he was presented with a handsome silver ring, as a slight token of remembrance from his many friends here. Rev. J. K. McKean made the presentation. Mr. Wilson has played leading cornet in both band and orchestra for some time and will be especially missed in those connections.—Dayland Press.

Agricultural Schools for Teachers to be Organized

Adding in cooperation with the government of the province to the existing system of education, will during the summer organize a series of short course schools in agriculture for the purpose of giving the teachers an elementary course in agriculture. It will be a part of the rural schools curriculum.

In the institution of the Department of Education, the Department of Agriculture will be followed up by establishing and maintaining agricultural colleges at all the provincial government demonstration farms. These colleges, which will be operated by the department of education and the department of agriculture will be for the boys and girls after they have left the school, and at these institutions they will be given advanced education in scientific and practical farming and in the domestic arts. Mr. Boyle also announced that the department of the department will encourage manual training and domestic science in all schools in the province.

The advanced ideas of the provincial government in these matters are receiving the support and approval of prominent educationists all over the West, and in fact, all over the Dominion and it is predicted that other provinces will shortly be forced to take up the work along these lines which has been so ably started by the Alberta government.

AMARHOB

(From the Canadian)

Bliss Mogg, a young lad of Dorchester, was brought to the Camrose Hospital this week with a bullet hole in his head. He had been playing with a revolver when in some manner the firearm exploded and a bullet entered the temple and passed out the forehead. The patient is doing nicely and will recover.

Mrs. Causery and young son are leaving on Saturday for Saskatoon where Mrs. Causery will visit her mother. Later she will make a trip to New York and other eastern points and will not return to Camrose for several months.

Geo. P. Smith, M.P.P., has left Toronto for New York, from where he will proceed to Colon and the Panama Canal. He will return to Camrose about the middle of February via Los Angeles and Vancouver.

A young man, by the name of Hanson, who has been passing bogus checks at Camrose, Dayland, Fort St. John and other places in the Camrose district, was apprehended by Corporal Alvin this week and given a trial on four charges before Justices of the Peace Layton and Cornett. The accused pleaded guilty to all charges and was sentenced to serve a term of eighteen months in the provincial jail at Lethbridge.

The by-law authorizing the town council to subscribe \$5,000 worth of stock in the Camrose Natural Gas Co. was carried unanimously, Tuesday last. No great interest was shown in the poll, which resulted in 23 votes being cast for the by-law and 0 against. A prospectus of the Company is now being prepared for the benefit of the shareholders, who will shortly be notified of a meeting, when permanent officers of the company can be elected.

The speech of N. W. Rowell, K.C., M.L.A., leader of the opposition in Ontario, on a short history of the beginning and growth of constitutional government in Canada, given in Montreal last November has been published in pamphlet form and may be had from the Central office of the Canadian Liberal party, Ottawa, at 50c a pamphlet. "How the MacDonald election was won."

A concrete milk-house makes milk worth more

PEOPLE are willing to pay more for milk that comes from a clean, sanitary dairy. In nearly every city such dairy charges from 50 per cent. to 100 per cent. more than others—and even then they don't supply the demand for pure, high-grade milk. You will get more value out of your cows if you properly feed and house the milk. Fresh milk is not only more wholesome—and therefore can be sold for a better price—it is also slower to sour than milk handled by ordinary methods. Ask for the free book.

"What The Farmer Can Do With Concrete"

IT will tell you how to build a concrete milk-house, and also describes scores of other uses for concrete around the home and on the farm. It is not a catalogue. Its 160 handsomely illustrated pages are devoted entirely to the subject—in which every progressive farmer is interested.

YOU do not place yourself under the slightest obligation in asking for the book. We do not even ask that you agree to use concrete. Just sign the coupon attached to this advertisement, or send your name and address by letter or post card, and the book will be mailed to you at once. Address,

Publicity Manager,
CANADA CEMENT COMPANY LIMITED
513 Herald Building, Montreal

WHEN you buy cement, remember that the farmers of Canada have found that "Canada" cement is best. Look for the label on every bag and barrel.

WHY ZAM-BUK IS BEST CURE FOR SKIN SORES

An illustration of the way in which Zam-Buk cures even the most serious and chronic cases of ulcers, eruptions and sores is provided by Mr. R. H. Barker, of Gloucester, Ont. He says:

"I would not have believed that any remedy could cure so quickly and at the same time so effectively, as Zam-Buk cured me. My face became covered with a kind of rash, which itched and irritated. This rash then turned to sores, which discharged freely and began to spread. I first tried one thing and then another, but nothing seemed to do me any good, and the itching got worse and worse, until my face was just covered with running sores. 'Apart from the pain (which was very bad) my face was such a terrible sight that I was not fit to go out. This was my state when some one advised me to try Zam-Buk. I got a supply, and, marvelous as it may seem, within a little under a month every sore on my face was healed. I was so amazed that I have no objection to my name being used in connection for the benefit of other sufferers."

Zam-Buk is purely boric in composition and is the ideal balm for all skin sores, eruptions and sores. It is a sure cure for cold sores, chapped hands, frost bite, blood-poison, varicose sores, ulcers, scalp sores, ringworm, inflamed patches, hives, eruptions and itchy places, cuts, burns, bruises and skin injuries generally. All druggists and stores sell at 50c. box, or post free from Zam-Buk Co., Toronto, upon receipt of price. Refuse harmful substitutes.

Edmonton, Alta., Jan. 20.—At the meeting of the provincial cabinet this afternoon, Tuesday, February 11 was fixed upon as the date for the opening of the legislature.

Winnipeg, Jan. 20.—A large number of the directors and the heads of construction of T. Eaton company arrived in the city Saturday. One of the directors who did not wish his name quoted, when asked about the likelihood of another store of his company being located west of Winnipeg, said: "It certainly will not be at Calgary; the Hudson's Bay company have gone into that city in large proportions and our Eaton store will be built at Edmonton. When, I don't know, but already we have picked out certain desirable sites, one of which will be approved later."

A TROUBLE

Story of Two People Struggling For Literary Fame.

By AMELIA PAIN.

The first letter fell out of a blue sky, signed "John Giddens," on to a prepared soil, addressed to "E. F. Cornish, Esq., Care of the Editor," and ran as follows:

"Dear Sir—I have just read your story, 'The Caricature,' and I am naturally much flattered at being found worthy of imitation—an imitation so frank and obvious as to leave no room for question of chance or coincidence."

"At the same time, as I hope some day to republish my story in book form, I should consider it both honest and courteous on your part if you would insert in the next number of the magazine an acknowledgment that your story was founded on mine. I am, of course, only a beginner in the field of literature, but I had hoped that this need not involve my colleagues from ordinary fair play."

"The answer came three days later: 'Dear Sir—Your letter of the 4th has been forwarded to me. I had not read your story, 'The Ruby,' until this morning. I had never, it happens, heard of it or seen Stoner's Magazine for April last. Of course, I cannot prove this statement. I can and do here swear to the truth of it, but am aware that it still rests with you to believe or disbelieve it and that disbelieve is the more probable. The resemblance between the two stories is extraordinary. It is a most amazing coincidence, nothing more.'"

"The answer came three days later: 'Dear Sir—Your letter of the 4th has been forwarded to me. I had not read your story, 'The Ruby,' until this morning. I had never, it happens, heard of it or seen Stoner's Magazine for April last. Of course, I cannot prove this statement. I had never, it happens, heard of it or seen Stoner's Magazine for April last. Of course, I cannot prove this statement. I can and do here swear to the truth of it, but am aware that it still rests with you to believe or disbelieve it and that disbelieve is the more probable. The resemblance between the two stories is extraordinary. It is a most amazing coincidence, nothing more.'"

"The answer came three days later: 'Dear Sir—Your letter of the 4th has been forwarded to me. I had not read your story, 'The Ruby,' until this morning. I had never, it happens, heard of it or seen Stoner's Magazine for April last. Of course, I cannot prove this statement. I can and do here swear to the truth of it, but am aware that it still rests with you to believe or disbelieve it and that disbelieve is the more probable. NOTICE TO CREDITORS

In the matter of the estate of Hector K. Outway, insolvent. Notice is hereby given that the above named insolvent, sector 35, of the city of Wetaskiwin, in the Province of Alberta, druggist has made an assignment of his estate and effects to The Trusts and Guarantees Company, Limited, Official Assignee, for the general benefit of his Creditors, under the provisions of "The Assignment Act," being Chapter 6 of the Statutes of Alberta, 1907.

The Creditors are notified to meet at the Office of The Trusts & Guarantees Company, Limited, in the City of Calgary, at the hour of 3 o'clock in the afternoon on Tuesday the 21st day of January 1913, for the purpose of receiving a statement of the affairs of the said insolvent, for the appointment of inspectors, and the giving of directions with reference to the disposal of the estate.

Every creditor or person claiming to be entitled to rank on the estate assigned is required to deliver or send paid to the said company, on or before the 21st day of February 1913, particulars of his claim, verified by affidavit, and such vouchers as the case admits of, and stating whether he holds any security for his claim or any part thereof, and putting a stated value on such security (if any), in accordance with the said Act.

And notice is further given that after the said 21st day of February 1913, the said company will proceed to distribute the estate of the said insolvent under the said Act, having regard only to the claims of which it shall have notice at such time of distribution.

Dated at Calgary, this 13th day of January 1913.

THE TRUSTS AND GUARANTEE COMPANY LIMITED, Official Assignee.
